📍 Chennai

EDUCATION

Wyckoff Higher Secondary School, Muttathur

School

📅 2020 - 05/2021

"Aalim Muhammed Salegh College of Engineering, Chennai – Bachelor of Engineering (B.E.) in Computer Science."

Anna University

📅 11/2021 - 06/2025

GPA

8.1 / 10

PROJECTS

Student Management System -Built using java and SQL

- Developed a Student Management System using Java and SQL to efficiently handle CRUD (Create, Read, Update, Delete) operations. Implemented a robust backend in Java for managing student records and integrated SQL for data storage and retrieval. Designed a user-friendly interface to streamline data management and enhance usability.

Bus Reservation System- Built using java

- Developed a Bus Reservation System to manage and streamline bus ticket bookings. Implemented features for real-time seat availability, reservation management, and ticket generation. Integrated secure payment gateways and designed user-friendly interfaces for both customers and administrators.

Sales Dashboard-Built Using Excel.

- Developed a Sales Dashboard using Excel to visualize key performance metrics and sales data. Leveraged Excel's advanced features, including pivot tables, charts, and conditional formatting, to create interactive and insightful reports. Enabled real-time data analysis and trend tracking for informed decision-making.

"Portfolio built using HTML, CSS, and JavaScript."

- "Developed a portfolio using HTML for structure, CSS for styling and layout, and JavaScript for interactive elements, such as dynamic galleries and form validation."

SKILLS

Java Programming

Python Programming

SQL Programming

Web Development

Git and Github

Excel

ADDITIONAL

"Java Developer Certification, Guvi."

"Certified Java Developer by Nativeva."

"IBM Cyber Security Certification."

SQL Developer Certification, Great Learning

I regularly engage in coding on platforms such as HackerRank and LeetCode.

PASSIONS

Cricketer

Java developer
